StrikeReady's mission is to democratize human (analyst's) intelligence so that organizations worldwide can reduce their adversarial risks and de-stress over the shortage of cyber skilled talent.

With StrikeReady organizations can now drive proactive and reactive security effectively through its unified and collaborative platform - Cognitive Security Platform, and augment their analysts' skills, knowledge, and scale through a first-of-its-kind AI-based cyber assistant - CARA.

EMPOWERING DEFENDERS

With StrikeReady, organizations can enhance their security maturity while maximizing ROI of existing cyber investments. These are a few of the integrated capabilities:

- Alert & Incident Management
- Threat Intelligence Feed
- Threat Intelligence Management
- Security Automation
- Security Assessment
- Risk Based Vulnerability Prioritization
- Asset Discovery and Management
- Abuse Mailbox

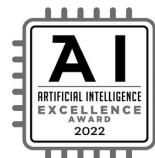

BENEFITS

- Increased analyst productivity by 3x
- MTTR reduced by 80%
- Enhanced security at a net negative cost

Our team focuses on identifying and preventing threats to our company. In order to mitigate active threats and reduce the amount of false alarms that waste valuable resources, automating threat management and incident response is crucial. We are able to achieve our goals with StrikeReady.
